ADVERTISING RATE CARD

Be Part of the Film. Not Just an Ad Around It.

An officially licensed Highlanders FC feature film

THE BOSSO MOVIE Born into the Black and White is a scripted feature film. Your brand doesn't interrupt the story — it lives inside it, through product placement, signage, dialogue or credits.

Instead of a 30-second advert people can skip, your brand becomes part of a story audiences choose to watch and remember.

All placements on this rate card are non-exclusive — more than one brand may appear within the same scene or category. Looking for exclusive category rights or a deeper partnership? See the separate Corporate Rate Card.

To protect the film's authenticity, we've capped commercial visibility at 56 slots, across two tiers:

- Premium Tier — product placement, digital signage and prominent brand visibility.
- SME Tier — affordable local integration through background visibility, natural dialogue or on-screen credits.

Limited positions. Secured before filming.

Slot Type	Number of Slots	Tier	Price/Slot
Hero Use (a lead character visibly uses, interacts with and mentions your product on screen)	3	Premium	\$1,200
Digital Billboard (your ad inserted into a stadium, street, or taxi scene, or as a radio advert)	5	Premium	\$550
Logo Appearance — Premium (clear, unshared logo visibility in a scene)	5	Premium	\$300
Logo Appearance — Standard (background brand presence — shop, taxi, cooler, jersey)	10	SME	\$150
Mention (your business named naturally in a line of dialogue)	8	SME	\$75
End Credits — Silver (featured placement in the closing credits)	10	SME	\$100
End Credits — Bronze (listed in the closing credits sponsor block)	15	SME	\$50

Payment & Reservation Terms

- A slot or bundle is reserved once a signed agreement and payment are received.
- Full payment, or a 50% non-refundable deposit with the balance due before principal photography (20 October 2026), reserves a slot.
- Unpaid reservations are released at Brand Lock, 10 October 2026, and may be resold.
- Brands wanting a larger on-screen presence are directed to the Corporate Rate Card's Principal or Official Partner tiers.

Pay once. Appear forever, every time the film is watched.

Bundles — Book More, Save More

Single slots let a brand pick exactly what it needs. Bundles are for those who want a fuller presence across the film — a name in the credits and a face in the story — at a price better than booking each piece separately.

SME Packages

Bundle	What's Included	Priced Separately	Bundle Price	You Save
First Frame	Mention + End Credits (Bronze)	\$125	\$110	\$15 (12%)
Community Spotlight	Logo Appearance (Standard) + End Credits (Silver)	\$250	\$220	\$30 (12%)
Full SME Package	Logo Appearance (Standard) + Mention + End Credits (Silver)	\$325	\$280	\$45 (14%)

Premium Packages

Each Premium package builds on the one before it — Signature Moment includes everything in Screen Presence, and Full Premium Package includes everything in Signature Moment.

Bundle	What's Included	Priced Separately	Bundle Price	You Save
Screen Presence	Logo Appearance (Premium) + Digital Billboard	\$850	\$780	\$70 (8%)
Signature Moment	Logo Appearance (Premium) + Digital Billboard + Hero Use	\$2,050	\$1,890	\$160 (8%)
Full Premium Package	Logo Appearance (Premium) + Digital Billboard + Hero Use + Mention + End Credits (Silver)	\$2,225	\$2,050	\$175 (8%)

All bundles draw from the same 56-slot inventory, so booking one still counts against — and reserves — the individual slots it contains. Bundles are only guaranteed while their component slots remain available, and close the same day as the 10 October 2026 Brand Lock.
