Partnership Tiers

Tier	Price (USD)	What's Included
Principal Partner	\$15,000 – \$25,000	On-screen brand integration within the feature film — signage, wardrobe, or product usage, locked ahead of principal photography. Category-exclusive: one brand per category. Includes a producer-credit conversation, first right of refusal on renewal, and mentions across companion content (reels, trailers, the official documentary, movie podcast, and legend interviews).
Official Partner	\$5,000 – \$12,000	Guaranteed advertising inventory across the film's streaming release and cinema/community screenings. Includes pre/mid-roll placement on the streaming platform, a premiere-night mention, an end-credits sponsor card, and mentions across companion content. Not category-exclusive. Television broadcast placement depends on a separate licensing agreement with a broadcaster and is not guaranteed; where a broadcast deal is secured, Official and Principal Partners are prioritized for inclusion at no additional cost.

Looking for a lower-cost entry point? See the separate Advertising Rate Card for individual on-screen placements from \$50.
