PARTNERSHIP PROSPECTUS

THE BOSSO MOVIE: An officially licensed Highlanders FC feature film

Ya-Sibo Media (Private) Limited, trading as Junza Studios, is producing a scripted feature film about the culture, ambition and identity of Highlanders Football Club. It is an officially licensed co-production with the club, with rights to its name, crest, colours and history.

We are inviting a limited number of companies and community partners to join as founding commercial partners before principal photography. This document explains how a partnership works and what each tier includes.

Why Partner

- Association with one of Zimbabwe's most recognised sporting institutions, at a significant moment in its history
- Reach across premieres, streaming, community screenings and, subject to a broadcast licence, national television
- Access to Highlanders' national and diaspora supporters
- Limited positions per tier. Category exclusivity is reserved for Principal Partners.

Campaign Window

The campaign runs 24 August – 10 October 2026 (Brand Lock). All partner placements are final at Brand Lock. Principal photography begins 20 October 2026. Release dates are confirmed to partners as they are locked.

Release Plan

The film is released in windows. The premiere, paid streaming and community screenings come first. Television and a free YouTube release follow, with YouTube last. This protects the value of every placement.

Partnership Tiers

Prices are on the accompanying rate cards, or from your point of contact.

Tier	Best for	What it includes
------	----------	------------------

Principal Partner	A small number of major category leaders	Category-exclusive on-screen brand integration, locked before principal photography. Prominent placement in trailer, premiere and press materials. Producer-credit conversation, first right of refusal on renewal, premiere executive table. Priced on the Corporate Rate Card.
Official Partner	The standard corporate sponsorship tier	Guaranteed advertising across the streaming release and screenings. Premiere-night mention and end-credits sponsor card.
